

## A Case for Change

**At Awareness Cambodia we truly believe education has the ability to change lives. Our Case for Change program embodies our commitment to improving access to education.**

We work with local Government primary schools and community leaders in the rural province of Kompong Speu to highlight the opportunities education can create – opportunities that are denied to many young people who are trapped by generational poverty.

Without community awareness, consultation and education, prospects for a better future will dissolve and, instead of realising their potential, bright young people will remain trapped in poverty.

Unable to follow their dreams, many aspiring and inspiring young people will follow their families into the rice fields where they'll toil all day for little reward.

Others, some as young as 14, will head to the cities to take up jobs in one of the many garment factories, where work is plentiful due to expanding demand for fast-fashion but the wages and conditions for workers are poor.

The hopes of future doctors, teachers, architects, engineers, writers, accountants, mechanics, administrators and academics, denied the power to be fulfilled.

A Case for Change works in partnership with schools that believe in the capacity of the up-and-coming Cambodian generation to positively contribute to, and bring about change within, their communities.

Together we provide the foundation for a better future – education.

## Are you inspired to get involved? Join us in 2020!

Just \$15 can provide a child with a backpack filled with school supplies – and inspiration to embrace the opportunity to learn and forge a better future for themselves and their families. For a few dollars you can empower a child through education.

Each year we distribute A Case for Change backpacks over the month of July. Awareness Cambodia needs to be flexible this year on the distribution date and will work with the changing landscape that the Coronavirus (COVID-19) is causing.

### Partner with us

A Case for Change partners with schools, groups and businesses to provide the practical tools children need on their education journey. If you would like to partner with us, contact Kim at [kim@awarecam.org.au](mailto:kim@awarecam.org.au)

### 2019 – Our Year in Review

As we continue our mission to empower young people through education, it is important to celebrate our achievements and set goals for the future. Thanks to the ongoing generosity of our donors, partners, volunteers and supporters, we made great steps forward in 2019 and we'd like to

share some highlights with you. **Our 2019 Overview** shows that when people take action, individually and collectively, positive change can and does happen!

**You can find our 2019 Overview on our website:** [www.awarecam.org.au](http://www.awarecam.org.au)

On the Blog tab, click Newsletters. Alternatively, contact the office and we can send you a copy.

### Rest on our laurels? Never!

Although many things are changing for the better in Cambodia, many vulnerable and impoverished children and young people still need our help. Every child we rescue, every child we bring into the Awareness Cambodia family, every child we empower through education, love and support, is a child who will grow into a self-reliant adult.

In elevating the individual, we also help to bring about positive generational change. Without you, this important work simply would not be possible. So, we thank you so much for your support in 2019 and look forward to doing great things together in 2020.

## THANK YOU FOR YOUR GENEROUS SUPPORT

Tax deductible receipts for gifts over \$2 with a preference for projects J515 & J675 are issued by the Awareness Cambodia Overseas Aid Fund (ABN 15 815 273 527). If projects are overfunded, funds may be applied to other approved project activities. Awareness Cambodia Inc. (ABN 69 234 355 895) partners on these projects with Global Development Group, an Australian DFAT-approved NGO.
